Who's got into that 80's radio?
I've said it for some time now
I said we should set if for some time now

Who's going for that carbon dating now?
I'm feeling so old, so old
But I'm barely a teenager
Years were oversold

But let's not forget the lives of lovers
Late into your life
As life continues on despite

Oh, those licenses to hide
Oh, oh, those licenses to hide

What dynamic could heal the damage
That you did in your life?
And paint the virgins white
Or not quite

What did you learn from early insolence?
The season that never ends
You were deadly and serious
This you could depend on

When will you stop those adolescent trends?
It's funny 'til it can't bend
Then when it breaks it can be funny again

But let's not forget we're also funny
When we get undressed
But darling, you could use just a little less of

Oh, those licenses to hide
Oh, oh, those licenses to hide, oh, oh

I admit and I'll say it now that I love you
I love you
Fears, storms and endless invasions
But I'm here with you

Let's not forget we've all recovered
Plenty of composure
And now it's time for some exposure of

Oh, those licenses to hide
Oh, oh, those licenses to hide
Oh, oh, oh, those licenses to hide

What dynamic could heal the damage
That you did in your life?
And paint the nighttime white
Or not quite
