Lights out, lights out
Goodnight, shuteye
That's a good guy
Soothing seething, brooding
Are you breathing? Breathing

Are you sleeping?
Are you sleeping?
Are you sleeping?
Are you sleeping?

New day, new day
Endless chasm barking blue gray
Are we living in a tombstone
Smiling? Driving

Are we there yet?
Are we there yet?
Are we there yet?
Are we there yet?

Trickle, trickle
Father Fickle loves to tickle
Sister Caffeine, feel my inside
Churning, turning

Talking, tripping through the traffic
Blocking, I'm collapsing
Won't you turn the lights out?
Lights out

Are we there yet?
Are we there yet?
Are we there yet?
Are we there yet?

Lights out
Lights out
Lights out
