

## Posies "Placebo"

I'm just not sure  
of where to stand  
but I don't need to have a sense of judgement  
I don't need everything  
if you don't know  
(you're a bird that's bound together)  
you never might (binded with each other)  
and you could try to have a sense of wonder  
you could try anything  
you could try anything  
but if you think I'm gonna let it show  
well, it's something we may never know  
placebo, placebo, placebo, placebo  
inside my self  
words will not tell (you took a taste with tarnish)  
I can't stand it when the cupboard's barren  
and all the sweet saccharine  
and all my sweet saccharine  
but if you think I'm gonna let it show  
well, it's something we may never know  
placebo, placebo, placebo, placebo
