Oh Isabella, it's starting to snow
And I wanna know when it covers the ground
So send me a message, show me a sign
Radiate in time to the shimmering sound

Daylight, I'm ready for daylight
I'm ready to trade my darkened eyes for the glitter
prize

It's never enough to be giving it all
When you're drawn by the call of the siren you serve
Now there's promise for keeping and miles to go
Before the sunrise show that I wanna see, I wanna
deserve

Daylight, I'm ready for daylight
I'm ready to praise your heaven skies when the curtains
rise
Daylight, I'm ready to play right
I'm ready to trade my darkened eyes for the glitter
prize

Every time, every time, every time you're around
Daylight, daylight
Every sight, every sound, every time you're around

Fireworks reflecting on your icy flow like a fever below
And I can't break free of the glow and the gleam
Touch© Isabella, you were always the queen of the
dramatic scene
Now I want to shout, I want to scream

Daylight, I'm ready for daylight
I'm ready to praise your heaven skies when the curtains
rise
Daylight, I'm ready to play right
I'm ready to trade my darkened eyes for the glitter
prize

Daylight, I'm ready for daylight
I'm ready to praise your heaven skies when the curtains
rise

Daylight, I'm ready to play right
I'm ready to trade my darkened eyes for the glitter
prize

For the glitter prize, for the glitter prize
For the glitter prize, for the glitter prize
