Stars live in the evening but the very young need the  
sun  
Pretty baby you look so heavenly  
A neo nebula from under the sun  
I was forming some say I had my chance  
The boys were falling like an avalanche  
Ya ya baby "La Dolce Vita" is a magic dance  
No one was listening  
Pretty baby petite ingenue teenage starlet I fell in love  
with you  
You you with the comb  
YOu look ok in every way  
Ah I should have known you'd look at me and look away  
oh  
Pretty baby you look so heavenly  
A neo nebula from under the sun  
Eyes that tell me "incense and peppermints"  
Your looks are larger than life  
Long live innocence  
Petite ingenue I fell in love with you
