"Solitary Confinement"

Visit "[Solitary Confinement](#)" on MotoLyrics.com

It started a couple months ago
Confined by the social rejection
I haven't been on it for so long
That I'm afraid that I won't fit there anymore

What is it that makes me diferent from the rest?
Well I'm afraid that I cannot arrange it 'til death
And I don't want to
I don't deserve to

Everybody waste their lifes in front of the screen

Well this feel shit dumb grace

Solitary Confinement
I prefer to die alone
Instead of losing the control
Solitary Confinement
Rather stay here than being splashed by excrement

What is it that makes me diferent from the rest?
Well I'm afraid that I cannot arrange it 'til death
And I don't want to
I don't deserve to
