How does it feels to been hugh without a fuck
That's the way it should be if it's true love
Is there something I missed in my life
Being cheated by the other sex advice

But how would I know?
If I had never been in love

But how would I know?
If I had never been in love

Always missing
Always giving more
Always trusting
Trusting in the wrong

(Trust in the wrong)
Always missing
Always missing love
(Missunderstanding love)
Always trusting
Trusting in the wrong
