(*talking*)

I usually don't get into all that, back and forth
Industry shit, but when a nigga push it to the edge
I gotta introduce him to my alter ego
Alphabet murder, nigga

[Hook - 2x]

If you know what's good, better watch your back
I hope you got it understand, better watch your back
I know you heard about me, don't come around my way
Cause I don't play, nope I don't play

[E.S.G.]
