Got the mike in my hand but can I make you
understand That a-hole bands have a-hole fans
Bloodhound's the name and the Gang's to blame Like
Chan n' Chin the Siamese twins it's one in the same So
fame ain't gonna live forever Never worrying about
dying cause it can't be any better But whatever
happens to happen always happens for the worst And if
the worst is yet to happen I hope it happens to you first
So hello Joe what do you know? Heard ya just got back
from a Bloodhound show Did you do the Batussi or did
you do the Hustle? Did you do the Flamin' Waffle or the
Super Bowl Shuffle? No matter what you did you're
gonna be amused If you were not entertained you did
not drink enough booze If ya get your eyes a'fuzzin'
then we'll get your ears a'buzzin' Cause we play around
the world you play around with your cousin Bloodhound
boys Bloodhound girls Bloodhound noise Bloodhound
world Rock on rock on do it dusk til' dawn Anywhere we
go everywhere we've gone Don't matter what town what
state what show Hell-bound Bloodhound going
nowhere slow We rock Philadelphia Baltimore Las
Vegas Indianapolis Louisville Atlanta New Orleans and
Minneapolis Houston Tucson Phoenix Buffalo Tulsa
Mobile Albuquerque Wichita and Orlando Portland Salt
Lake City Memphis Washington D.C. Charlotte
