May I have your attention please?  
May I have your attention please?

Did you ever read Voltaire's "Candide"?  
He says live life at Benny Hill freak out speed  
Not a quote of what he wrote but a paraphrase  
Make it up as you go Keyser Soze  
Highlights yes but don't underline em  
Just live for N.O.W. like Gloria Steinem  
Life is like Marion Barry  
It's not all that it's cracked up to be  
Like Fred Sanford when the big one comes  
Find the meaning of life is there is none  
It's twenty-four hours when you call it a day  
Be Frank and say "I Did It My Way"  
Don't give a flying nun no don't give a Gidget  
Just have more fun than a well-oiled midget  
If life were picture perfect you could frame it  
But the world is a diaper so let someone else change it

Life is an aimless drive that ya take alone  
Might as well enjoy the ride, take the long way home

May I have your attention please?  
May I have your attention please?

All born equal unless you're Canadian  
Then halfway through decay like Uranium  
You define what's death-defying  
Get the most out of life or at the least die trying  
Are you Evil Knievel jumping a train?  
Or running with scissors like Frasier Crane?  
Have really good times doing really bad things  
Cause the show ain't over til the fat lady sings  
Like Elton John with his candle in the wind  
It's hard to blow out a flame as big as him  
But we've all got to Wang Chung with the Grim Reaper  
Whether you're Einstein whether you're Beaker  
Death is certain so it's definitely worth flirtin'  
Don't expect a bright light no just curtains  
Life is like a penis most people don't know it

But most people suck so they usually blow it

Life is an aimless drive that ya take alone  
Might as well enjoy the ride take the long way home

Life is an aimless drive that ya take alone  
Might as well enjoy the ride take the long way home

That's enough!  
I said that's enough
