"One In Me"

I just can't stop the pain
That you're beside me yet so far away
I'm holding on to these lies
Believing that one day you'll be my prize

It's like wishing on a star that I know will never be mine
I cry and cry whenever it's dark it's there to shine
So now I tell my heart before I lose my mind
That I don't have you, baby

I'm here for you
And you just don't seem to care
But I'm here to stay
And will forever pray
That I'll be in your arms
Hoping that someday you'll see me
Find the one in me

How I wish that you know (what I keep inside)
Even just a bit of me that I can show
Coz I'm dreamin' of you every night
Hopin' that someday you'll be by my side

Now it's killing me this fantasy is been a little over my
head
And I just wanna wake up but sure I fall back there
again
So I might as well believe
That you're the only one for me

I'm here for you
And you just don't seem to care
But I'm here to stay
And will forever pray
That I'll be in your arms
Hoping that someday you'll see me
Find the one in me

I just can't get you out of my head
I'd feel the hurt all over again
Cause I know you won't be mine

But keep it up this time
You're the only one for me

pap parara pa..
pap parara pa.....
Just open your heart
Will you ever see the love
The love in me
