(HOOK)

Girl I know I'll be missing you forever  
For all the games we've played  
Girl you know you be my temple now & forever  
If you give me back everything you owe me

All these years girl you been ow so clever  
Time to test your innocence  
Girl you know you be my temple now & forever  
If you give me back everything you owe me

(VERSE)

I will ask back for everything that you owe me  
To do all what you told me when I was so lonely  
It was you & me only, wait for a moment  
How could I let you go now Oh so coldly  
Time to test our bond, I ain't harassing thee  
Just rapping being a man that I'm not suppose to be  
You are my fantasy, been in you totally  
You are my property, I'm saying it out openly  
So how many hours remaining for your flight girl  
Hah! hugs, take care n goodbye stuff  
You are me first love, you are my deep lust  
How could I let you go, when you are my sweetest  
Satisfaction, attraction & distraction  
Ye I do go mad when with some of yo actions  
Like when you don't pick up the phone  
When u try to be bold  
We both so stoned  
We fuc\*\*n at my studio thrown  
Hold my hand n think we are in a delirium  
Lets paint a painting out of this illusion  
Let me show you the difference between my rant &  
romance  
The real ni\*\*a is me going hard in the pant  
Tell me this is all you've been waited for all these years  
You had dark fantasies too, but you were so agitated  
dear

So now we've been so mean  
Now that you leaving

Stop decivin  
Give me everything for a moment
