It's 10 minutes to midnight
When I'm sitting in the dark wondering
Where you are?

I try to close my eyes
And turn back pages of my life to see your face again
Forget my love in vain

You said hello to say good bye
To steal me all my tears to cry
Rain please wash my mind from shades of past

Tears of rain are falling down from my eyes
Where's your kiss to keep me alive?
Deep inside shines the last light of hope
Will you free me from sorrow... ?

Martin

Everytime I walk alone
I dream again, dream on and on
Is there sense of life when love is gone?

My fairy-tale of poor moonlight
Is fading into deepest night
And silence cruelly whispers words of end

Tears of rain are falling down from my eyes
Where's your kiss to keep me alive?
Deep inside shines the last light of hope
Will you free me from sorrow and pain?

Mike

Tears of rain are falling down from my eyes
Where's your kiss to keep me alive?
Deep inside shines the last light of hope
Will you free me from sorrow... ?

Deep inside died the last light of hope
So I'll bleed in my sorrow and pain
