Sweet and easy like  
A train coming  
Back to God's country  
Love will be enough  
And on Sunday when we go walking  
I will say I love you  
Your love will be enough

I'm with you now and we're together  
I'm with you through the stormy weather  
Let your heart begin right here again  
Open up your life to me, yeah  
Body and soul  
Body and soul

I'm hoping for a spring wedding  
We will raise the children and  
Hold them to the Sky  
Yeh, please believe me  
The past is nothing  
And God willing we'll live here till we die

I love you best and we're forever  
Hold me it's so warm in the river  
Open up your life to me, yeah  
Body and soul  
Body and soul

I wanna love but I never find the time  
I wanna love to be there in your life  
I wanna love, will you make me be all mine  
Oh woman please, body and soul  
Body and soul

I love you now and we're together  
I love you we're so sweet with flowers  
Let your love come on home  
Open up your life to me  
I can't breathe

Body and soul

Body and soul

On Sundays we will go walking  
And God willing  
We're breathing the same sky  
Please believe me  
The past is nothing  
God is willing  
I'll love you 'til I die

With my body and soul  
Body and soul  
My body and soul

Love's the only  
Love's the only country  
Love's the only  
Love's the only country I know

Oh, Body and soul, yeah

Sweet and easy  
Start hoping for a spring wedding  
It's a new beginning  
Walk into the sky  
Yeah
