[Music and lyrics - MT]

Hell, evil, Satan's curse  
From the sky it falls  
Metal burns my fucking brain  
Satan took the fall  
Deceased men from hell and hatred  
Pollution to mankind  
Antichrist my son from hell  
I will make you mine

You'll die there's no time to run from hell  
You lied the witch has cast her spell  
Your sins will be paid for and sacrificed  
This is the price - Satan's curse

Sin, hate, eternal death  
Decayed my flesh I rot  
Running below Satan's home  
Lord of Hell he's not  
Lust for evil, son of Hell  
Beneath the smoke I rise  
Flames torch my body  
A sinner's solar eyes

Sacrifice your soul will be doomed  
Your evil friends who have deceived you  
Satan's curse enters your soul  
Beneath you'll burn - Satan's curse  
Sky fades to black  
As the heavens diminish  
Evil takes over  
The world is finished
