I wanna show you that anything is possible
I wanna show you that your wildest dreams can come true
And I swear some day I'm gonna figure out how to do just that
But until then, I guess trying is all I can do

Maybe I'm wrong thinking you want something better
Maybe I'm wrong thinking you got no problem making it through the night
Maybe I'm wrong about every little thing I'm talking about
I said maybe I'm wrong, but just maybe, maybe I'm right

No, it's none of my business but I think I can make you happy
But it really doesn't matter if it's me or it's someone else
All that I know is that I think that your kinda special
And one way or another gonna see that I can treat you well

Maybe I'm wrong thinking you want something better
Maybe I'm wrong thinking you got no problem making it through the night
Maybe I'm wrong about every little thing I'm talking about
I said maybe I'm wrong, but just maybe, maybe I'm right

You seem to think that Lady Luck just doesn't like you
Well, I've been trying to believe that the Lady just ain't that dumb
Oh, just give her time to get here
And I'm sure that when she gets here
She'll be really glad to be here when she comes

Maybe I'm wrong thinking you want something better
Maybe I'm wrong thinking you got no problem making it through the night

Maybe I'm wrong about every little thing I'm talking
about
I said maybe I'm wrong, but just maybe, maybe I'm
right

Maybe I'm wrong thinking you want something better
Maybe I'm wrong thinking you got no problem making it
through the night
Maybe I'm wrong about every little thing I'm talking
about
I said maybe I'm wrong, but just maybe, maybe I'm
right
