You smile at me from the side of your eye  
Like we're sharing some kind of joke  
While I sit here and watch your head  
Go up in smoke

Looking around for someone to sell to  
Now, that's part of your game  
So you're gonna kill yourself  
Don't make them do the same

Spending your life stoned out of your mind  
One of these days you're gonna find  
That it's too late to save yourself  
You've got too good a life to waste it

Out on the street at 3 AM wondering what to do  
There's someone inside your body but it isn't you  
Falling apart and you're still looking, looking to sell  
And for all you care, everyone else can go to hell

Spending your life stoned out of your mind  
One of these days you're gonna find  
That it's too late to save yourself  
You've got too good a life to waste it

You used to be someone I could talk to  
Used to be my friend  
Not gonna stay and watch you dying  
I'm leaving, it's the end

Spending your life stoned out of your mind  
One of these days you're gonna find  
That it's too late to save yourself  
You've got too good a life to waste it
