Your emergency's about to end  
Earlier this evening on your bed  
Well, I can hear them upstairs rattlin'  
Of the names of people that are dead

Hear them, listen  
Hear them talkin'  
Bark, bark, bark, bark  
Talkin' nonsense

Your distress distracts me to no end  
Your distress distracts me from my friends  
Dollar Chinese food won't settle in  
And your bull whip is rippin' me to shreds

Aw, come on, come over, let me in  
Wake up and roll over, 'cause I'm comin' in  
Your emergency's about to end  
Your emergency, your emergency

Your words burn like acid on my skin  
And my attention span's unravellin'  
And I'm comin' over, let me in  
Wake up and roll over, 'cause I'm comin' in  
Your emergency's about to end

End, stop, cut, out  
End, stop, cut, out
