Hey God, are you up there?
I know it's been a while but I've I've been away
I'm in trouble I'll take a number if I I've gotta wait
But there's a girl in this world that and she's killing me
I hurt so bad

I watch that girl destroy me
(I watch that girl)
I watch that girl destroy me
She blows me now, it's you
I watch that girl destroy me
(I watch that girl)
I watch that girl destroy me
She blows me now, it's you

Well let me tell you now, I like the movies and she likes
the movies
We like the movies together
But when the lights go up and the curtains go down
And we deal, and we deal again and we deal
And we deal if and we deal if I know it's wrong

I watch that girl destroy me
(I watch that girl)
I watch that girl destroy me
She blows me now, it's you
I watch that girl destroy me
(I watch that girl)
I watch that girl destroy me

Hey God, have you noticed?
That it's not just me who needs your sympathy
Think of my life and the things that I get for lovin' I lose
myself
But I deal, and I deal with, and I deal with I know it's
wrong

I watch that girl destroy me
(I watch that girl)
I watch that girl destroy me
She blows me now, it's you
(I watch that girl)

I watch that girl destroy me
(I watch that girl)
I watch that girl destroy me
Hey watch that now

Come on, come on
Come on, come on
