On my road
The second floor of the house is shaking
On boxes
And your kitchen sink is filled with dishes

Upstairs
The window leads to another building
Good morning
I gotta go and I can't be late

She cries
And the smoke is burning into my eyes
He didn't mean it, he didn't mean it
He didn't mean it, he didn't mean it

We're all happy, we're all happy
We're all happy, we're all happy
We're all happy, we're all happy
We're all happy, we're all happy

We'll be quiet
'Cause the songs from the bedroom
Are heard in the bathroom
And we read balloons on Halloween
And we wander, and we wander, and we wander
And we wander, and we wander, and we wander

You're bringin' me down, and you're bringin' me down
And you're bringin' me down, and you're bringin' me
down
You're bringin' me down, and you're bringin' me down
You're bringin' me down, and you're bringin' me down

Now
We're all happy, we're all happy
We're all happy, we're all happy
We're all happy, we're all happy
We're all happy, we're all happy

You're bringin' me down, and you're bringin' me down
You're bringin' me down, and you're bringin' me down
You're bringin' me down, and you're bringin' me down

You're bringin' me down, and you're bringin' me down

Now

We're all happy, we're all happy

We're all happy, we're all happy

We're all happy, we're all happy

We're all happy, we're all happy
