I've got two good reasons to make you stay with me
and dance the night away
Two good reasons to make you beg for
More more more

More more more
More more more

I'm sending out an s.o.s
I'm sending in my s.m.s
Meet me at the club
Meet me on the floor
It's gonna be a night like never before
Never before
More more more
More more more
More more more
More
More more

I've got two good reasons to make you stay with me
and dance the night away
Two good reasons to make you beg for
More more more

I've got two good reasons to make you stay with me
and dance the night away
Two good reasons to make you beg for
More more more
