Just another wonderful dancing  
Just another wonderful dancing  
Just another wonderful dancing  
Just another wonderful dancing  
Just another wonderful dancing

Lights falling down to me  
Makes me feel embrace  
Just another wonderful dancing  
Hear, I am not a queen  
You are not a king  
Just another wonderful dancing  
Lies falling down to me  
Makes me breathe in deem  
Just another wonderful dancing  
Hear, I am not a queen  
You are not a king  
Just another wonderful dancing

Just another wonderful dancing

Lights falling down to me  
Makes me feel embrace  
Just another wonderful dancing  
Hear, I am not a queen  
You are not a king  
Just another wonderful dancing  
Lies falling down to me  
Makes me breathe in deem  
Just another wonderful dancing  
Hear, I am not a queen  
You are not a king  
Just another wonderful dancing

Wonderful dancing
