A mother to her dead daughter
Fears to show her feelings inside
Trying to forget what really happend
Nobody never saw her cry
Now she's all by herself
She wants to take her own life

What do we believe in
What is it we fear
Is it to show our own feelings
That's what everybody fears

Nobody never ever saw her
Cuz' she went to her grave to die
Now her spirits are all around us
Haunting everybodys lifes
Cuz' the evil gotta pay
The prize of her daughters life

What do we believe in
What is it we fear
Is it to show our own feelings
That's what everybody fears
