Tried so hard to be a man, a man, a man  
I made my bed now I'm gonna lie in it  
Seems instead like I'm gonna die in it  
Where did I go wrong  
I tried so hard to see  
I tried so hard to be a man, a man, a man  
You've seen my face, me I really don't mind it  
They all laugh but I didn't design it  
Where did I go wrong  
I tried so hard to see

I tried so hard to be a man, a man, a man

Made my bed now I'm gonna lie in it  
Made my bed now I'm gonna lie in it  
I didn't know my Ma  
Didn't see my Pa,  
How can you understand  
When you're the son of no man, no man  
Made my bed now I'm gonna lie in it  
Made my bed now I'm gonna lie in it  
Made my bed now I'm gonna lie in it
