I won't go, I won't stay  
'Til you give me a taste  
I wanna feel like that

Now I shake, and you sweat  
And we'll dance, no let's sing  
'Cause now I feel like that

Oh, tell me do you like that? (I think I like that)  
Maybe we can stop this (I wish we never started)

Tell me what to do  
I wanna feel okay

I got a problem and it drains my soul  
Don't tell, nobody knows  
I used to feel all right, now I'm u-u-u-uptight  
'Cause the white night, oh oh  
The white night, woah  
White night for me

It's a long way down in New York City  
And I fell so fast, it wasn't pretty  
It's a long way down, but I wanna go  
Oh, and I'm a systematic automatic city really misses at  
All I really care about is knowing where my head is at  
Oh, cause I'm a systematic automatic city really dizzy  
track

Oh, tell me do you like that? (I think I like that)  
Maybe we can stop this (I wish we never started)

Tell me what to do  
To make this go away

I got a problem and it drains my soul  
Don't tell, nobody knows  
I used to feel all right, now I'm u-u-u-uptight  
'Cause the white night, oh oh  
The white night, woah  
White night for me  
'Cause it's a long way down in New York City
