Welcome to the planet
Welcome to existence
Everyone's here, everyone's here
Everybody's watching you now
Everybody waits for you now
What happens next,
What happens next

I dare you to move
Dare you to move
Dare you to lift yourself up
Off the floor
Dare you to move
Dare you to move
Like today never happened
Today never happened before

Welcome to the fallout
Welcome to resistance
Tension is here, tension is here
Between who you are and who you could be
Between how it is and how it should be

I dare you to move
Dare you to move
Dare you to lift yourself up
Off the floor
Dare you to move
Dare you to move
Like today never happened
Today never happened before

Maybe redemption has fallen to the floor
Maybe forgiveness is right where you stand
Where can you run to escape from yourself
Where you're gonna go?
Where you're gonna go?
Salvation is here

I dare you to move
Dare you to move

Dare you to lift yourself up
Off the floor
I dare you to move
Dare you to move
Like today never happened
today never happened, today never happened
today never happened,
Today never happened before.
