Another day, fades away
As the time keeps passing by I slowly road alone
Until today, I saw your face
All the loneliness inside me drift away.

I look in your eyes, (what do I see?)
A vision of you, (right here with me)
Over the blind, hopin' to find and you'll be mine
I'm willing to try, if you and me
Got nothing I hide, it's on my sleep,
You're stuck in my mind and I realize you what I need.

I'm hopin' that you're open
I hear your heart when your words are unspoken,
'cause when you may see and possibly,
Be just what I'm looking for.

I still believe
if ti's meant to be
Only time will tell the passing up the falling leaves
Maybe we, can share a dream
so could behind us stars there's just run away.

I look in your eyes, (what do I see?)
A vision of you, (right here with me)
Over the blind, hopin' to find and you'll be mine
I'm willing to try, if you and me
Got nothing I hide, it's on my sleep,
You're stuck in my mind and I realize you what I need.

I'm hopin' that you're open
I hear your heart when your words are unspoken,
'cause when you may see and possibly,
Be just what I'm looking for.

There's no reason why?
We should not try
I give it all I got from
If time's go by,
You and I
Let's turn the page and start again.

And I'm hopin'

SO I'm hopin' that you're open
I hear your heart when your words are unspoken,
'cause when you may see and possibly,
Be just what I'm looking for.
