I don't really wanna hear excuses
From you, about why you are late
And I don't really wanna seal that love
That you give, when you tryina get your last trade
And I don't never wanna smell perfume
On your covers, that I don't even wear
And I don't never wanna feel so stupid
For believing, that you really care

[Chorus]

So I'm done with the yelling and screaming
Not taking any calls this evening
Won't call you any names, just to get mine
I don't wanna play, this time I'm gonna walk away
I think I'll just walk away, yeah, yeah

Don't think you wanna drag us out
Start talking loud
Don't wanna make a scene
And I don't think I wanna
Give you the satisfaction
That you've hurt me
So this is what I'm gonna say
Goodbye, I hope you find
Someone who is dumb enough to put up with the stupid
stuff
That you do, cause I'm through
Fighting for what it isn't there

[Chorus]

So I'm done with the yelling and screaming
Not taking any calls this evening
Won't call you any names, just to get mine
I don't wanna play, this time I'm gonna walk away
I think I'll just walk away, yeah, yeah
I think I'm gonna walk away, yeah, yeah
This time I'm gonna walk away, yeah, yeah

I've done all the crying that I can do
Way past belief that I can change you
I'm gonna walk away with a smile upon my face

Oh, I'm gonna walk away, yeah
I think I'll just away, yeah, yeah
This time I'm gonna walk away, yeah, yeah
I think I'll just walk away, yeah, yeah
I'm gonna walk away,
I think I'm gonna walk away, yeah, yeah
This time I'm gonna walk away, yeah, yeah.
