Wait the morning light to sneak up with the sunrise,  
last night was so long ago, where did the hours go?  
I saw the first daylight shining in your eyes,  
you were mine and the world was ours.

Dreams of a better life can come true, It's all there in  
you.

Just like a break in the clouds when the sun come  
shining through,  
momentary glimpse of the divine sometimes when i  
look at you  
and everything just cancels out and for that moment  
there's no doubt

Dreams of a better life can come true, it's all there in  
you.

Sometimes a new day can bring a new beginning  
you took me to a place no time can erase.  
Yesterday I was a loser, today I'm winning  
today you're mine and the world is ours.

Dreams of a better life can come true, It's all there in  
you  
Dreams of a better life can come true, It's all there in  
you
