Hey where have you gone?  
You used to be the one that we looked up to  
It seemed like nothing could break you down  
How high was the price? And was it worth it?  
Nothing in life is sure bet anyway  
You're gone. I guess you weren't here from the start.  
In the end, it's all a question of heart.

Hey where did it go?  
Everything we fought for, and everything it meant  
Maybe we were just nave, but I still believe  
There are only a few things that really belong to me  
Who I am, who I was, and who I want to be

Hey where have I gone?  
I used to be the one looking for the hero  
In some far off place, blindly ever forward  
Never knowing all along, the truth  
Was right here in my own song
