I'm on the outside looking in,
that's where my story begins.
Took the pain of growing up and I walked on through,
this is how I'm showing up.
I feel great, how about you?
So here I stand out on my own,
myself the only truth that I've known
I went through all the things that I had to do.
You know sometimes it stings but I feel great
how about you?
Playing life just like a game,
good or bad it's all the same
Let the world know how I feel,
and you know it's real,
and you know I'm real
