Well I like to rock and I love to roll,
When the music's running through my soul,
I got no place to go, but my own private radio,
I met a lot of people that make me feel alright
And the music gets me through the night GO!

Well I had a drink and I had a smoke,
I listened to every word you spoke.
Another story, another memory,
another day the way things should be
If i had it my way everyone would know
how we're living in our own Private Radio

Private, Private Radio Private Radio
Private, Private Radio Private Radio
Private, Private Radio Private Radio
Private, Private Radio Private Radio

If i had it my way everyone would know
how we're living in our, our own Private Radio

Private, Private Radio Private Radio
Private, Private Radio Private Radio
Private, Private Radio Private Radio
Private, Private Radio Private Radio
