I've got to be me baby and you gotta be you
Something isn't right but i know i love you
I only want what's best i don't know
Is this some kind of test. Yeah and you're
failing all we do is bicker
Say goodbye Kiss my ass I hope you die
Wish me well You can go to hell
We were so different a short time ago
Love is suppose to make us happy
supposed to make us grow
But i just wanna punch you in the face
i love you i guess needed the space
Oh well another time and another place
Say goodbye Kiss my ass
I hope you die Wish me well
You can go to hell
