Turn the lights low  
And put some music on  
Let our bodies sing  
Swing 2 the soft song  
I feel ya heat  
It's turning me on  
I wanna feel ya all night long so  
Come close, as close as U can  
I surrender you're so tender and tanned  
I wanna toss, I wanna tumble  
Feel and fumble, I wanna do it  
Till my belly rumbles  
So lay back and  
Close your eyes and  
While I fiddle U can fantasize  
Yeah  
While I fiddle U can fantasize

\*Deep baby deep deep down  
Like sleep sugar, so rest upon my chest

What ya body wants  
I got dis  
Whatcha need indeed  
I'm gonna rock this  
I dream U scream and tighten ya hold  
I tiggie in the middle as we giggle  
In I go, oh, deep and down deeper  
Like an ocean  
As I push I blow ya emotions  
You explode, like dynamite  
U got the fuse but to ya fuse I got the light  
Together we swing  
Shh!, I hear our souls sing  
A symphony, a lovers harmony  
Yeah,  
Can U hear the harmony?

Repeat \*

I'm gonna kiss ya from ya head 2 ya toes and then

I'm gonna lick ya where you'd love me to go, yeah!  
Oil ya skin within hold ya tight  
Yeah, I butter the toast  
If U lick the knife  
And take a shower  
Maybe bubble the bath  
I'll wash yours, U wash mine  
Yeah, we'll have a good laugh  
I'll be the sponge, the sponge  
The sponge that wets U down  
Then I'll be the towel upon  
Your naked body, wrapped around  
And then as our game comes 2 an end  
We'll start again  
Yeah, yeah, yeah, yeah

Repeat \*
