Wear what I wear
Its really cool
Dress like I do
Follow me like a fool

But I'm not a robot
I'll do what I feel
Stuff your fashion
You slimy eel

You pull me down
Because I'm different
I wear what I choose
It's not up to you

Fashion
Is total fucking shite
You're beat up and mocked
If you don't do it right

I am who I am
You are who you Are
So leave me alone
Who cares if I'm off par?

I don't care
For your ruthless fashion
Being a robot
Just isn't my passion

Fuck Fashion
