Nothing of it is true
'Cause no one knows the meaning
If you don't know the question
You have to lie before answering

We are all happy on this earth
There is no reason to cry
So when someone does
Everyone admits life is a lie

Nothing of it is true
'Cause no one knows the meaning
If you don't know the question
You have to lie before answering

The way we live is in uncertainty
That's why there is so much pain
No-one knows for sure what will happen next
'Cause the answer is hidden in their brain
And the only thing guaranteed in life is death

Nothing of it is true
'Cause no one knows the meaning
If you don't know the question
You have to lie before answering

People find faith to keep themselves happy
But all that leads us to is wars
And the true believers fight to the death
And are now dead, of course

Nothing of it is true
'Cause no one knows the meaning
If you don't know the question
You have to lie before answering
