No more screaming  
I stagger through the door  
Broken china around my feet  
I reach for the bottle  
As I'm taking to the street  
The only warmth in this defeat

I'm running out of talk and running out of time  
But I stay here  
Running on the line  
Running on the line  
I can drink the night away

No more crying  
I've sent you off to sleep  
Like a child who cannot weep  
He cannot

I'm running out of talk and running out of time  
But I stay here  
Running on the line  
Running on the line  
I can drink the night away  
Riding for a fall without reason or rhyme  
But I stay here  
Running on the line  
Running on the line  
I can drink the night away

Out of the blue the walls are cracking again  
I'll bring you on board  
No fear we're blacking out  
Spinning hand in hand  
Spinning hand in hand  
Until we pass out

I'm running out of talk and running out of time  
But I stay here  
Running on the line  
Running on the line  
I can drink the night away

Riding for a fall without reason or rhyme  
But I stay here  
Running on the line  
Running on the line  
Where I can drink my life away

As we're dancing  
As we're dancing  
I can drink my life away  
As we're dancing  
As we're dancing  
I can drink my life away  
As we're dancing  
As we're dancing  
I can drink my life away  
As we're dancing  
As we're dancing  
I can drink my life away

Oh lord  
Oh lord  
Can you hear me?  
Can you hear me?  
Oh lord  
Oh lord  
Can you hear me?  
Can you hear me?  
Oh lord  
Oh lord  
Can you hear me?  
Can you hear me?  
Oh lord  
Oh lord  
Can you hear me?  
Can you hear me?
