I've got her in my head  
At night when i go to bed  
and I know it sounds lame  
but she's the girl of my dreams  
And of course I'd do anything for her  
I'd search the moons of Endor  
I'd even walk naked through the deserts of Tatooine

Princess Leia where are you tonight  
and who's laying there by your side  
Every night i fall asleep with you  
and I wake up alone

And even though I'm not as cool as Han  
i still want to be your man  
You're exactly the kind of Alderranian that I need  
But when you when you were available  
I was drinking colt 45's with Lando  
I was hanging out in the cantina on Mos Eisley

Princess Leia where are you tonight  
and who's laying there by your side  
Every night i fall asleep with you  
and I wake up alone

Princess Leia Princess Leia  
Princess Leia where are you tonight  
and who's laying there by your side  
Every night i fall asleep with you  
and I wake up alone
