Never found out why you left him  
but this answer begs a question.  
To blind to see tomorrow, to broke  
to beg or borrow.  
Young and Stupid  
Left wide open, hearts are wasted  
lives are broken.

One more point of contention,  
I need some intervention  
Approaching failing tensions  
Betray my short attention - span  
the distance, bridge the border, beg forgiveness,  
round the corner.

Everytime I look for you - the sun goes down.

And I stumble when this whole thing runs aground.  
I left another message  
you are never around.  
but everytime I look for you - the sun goes down.  
Once more.  
Will the last one out, please shut the door.

More time apart will give you  
a few more months to argue.  
Is this to much to live through  
It always seems to far to drive  
the point home, (send more letters), pray tomorrow -  
(ends up better).

Everytime I look for you - the sun goes down.

And I stumble when this whole thing runs aground.  
I left another message  
you are never around.  
but everytime I look for you - the sun goes down.  
Once more.  
Will the last one out, please shut the door.

I never did do anything that she asked,

I never let what happend, stay in the past  
I never did quite understand what she meant.  
In spite of everything, in spite of everything..

Everytime I look for you - the sun goes down.

And I stumble when this whole thing runs aground.  
I left another message  
you are never around.  
but everytime I look for you - the sun goes down.  
And I stumble when this whole thing runs aground.  
I left another message  
you are never around.  
but everytime I look for you - the sun goes down
