I'll Never Forget

I'm counting days to persuade myself
That we will meet again
I'd give it all to hold your hand
Once more, circumstances will not let

Me to stay for just one more day
That is the price we have to pay
But I tell you

I will never try to forget your words
And I'll keep all my promises, 'coz I love you
More than anything else in this world,
More than my life,
We will meet again, my love...

I've tried so hard to ease my pain
But all that was in vain
'Coz only you can help me break
Through walls of this fear-igniting maze

Of loneliness, of disbelief
That I can feel when you are not
Here with me, so

I will never try to forget the times when
I held your hand. It is never enough for me

In this world so cold, so unfair
To live my life without you!

The separation tries to kill
The power of my will
To not to suffer from how I miss
Those moments of truly happiness,

When being with you, living with you...
And if I am here without you,
You should know that

I will never try to forget how I love you
And what I felt when you're so close to me
Eternal love that makes us
Rise from the sorrow,
Love that I will never try to forget

If I had just one more day...

But I know we'll meet again, my angel
That's the promise I will never forget!

Here, all alone, still I'm counting days
'Till I get out of this maze
To fields of freedom where you are
Waiting for me to come...
