[One Ton:]

Potluck! Humboldt County representative smoke big!

[UnDeRaTeD:]

We smoke a lot of pot that can not afford  
It my eyes drop low like I'm paulie shore  
Hot boxed the whole building out to get?  
Put a towel under the door smoking more than?  
The weed is all natural, no it's not a drug  
Come on, join the circle, hit the bud, it's all love  
You know you wanna kiss the blunt just make your lips  
pucker

And I'm gonna get you high today like Chris tucker  
Hit the bong muthafucka! Met your best friend  
Light it up, take a deep breath and count to ten  
We don't smoke Charlie brown, you do? I'm so sorry  
I only smoke the freshest green weed like I was Bob  
Marley  
My klick stays blazing, for me, it's motivation.  
Puff puff pass it, you're fuckin up the rotation  
Potluck initiation and it's blazing time  
Keep your eyelids open, keep smoking get high

[Chorus x2: UnDeRaTeD and One Ton]

Get the weed and the blunt (Get high)  
Smoke a fat bowl to the dome (Get high)  
Come on and put the purple in the bong (Get high)  
Were Humboldt county's finest and we love to get high  
(Get high)

[One Ton:]

I'm fishin weed inspecta for marijuana Mecca  
You never smoked a joint, I can't trust or respect ya  
I'm a weedaholic, I say fuck a Gina tonic  
I want a crown on the rocks and blunt til I vomit  
Wake up the next morning, wake and bake, I'm back on  
it  
That's me blunted, can barely see, they call me Haley's  
comet  
Never passed the weed, grew from a seed to a tree  
I got a PHD in Mary Jane botany  
Niggas take notes bitches take vacation

Proposition 215, I'll never see the station  
Suffer from the munchies and constant procrastination  
It's just another side effect of marijuana cultivation  
Welcome to my life, see I smoke the firefighters  
I'm picking every pocket cause potheads carry lighters  
I smoke it in a bong, I smoke it all night long  
I smoke it more than afro man and more than cheech  
and chong

[Chorus: UnDeRaTeD and One Ton]

[One Ton:]

I'm gonna keep on smokin and keep on drinkin that's  
all I'm thinking about. well then I'm smoking you out  
Ain't no body telling me what I'm gonna do

I'll smoke your block out cause I'm smoking large  
amounts

If you ever gotten cottonmouth, then you'll know what  
I'm talkin about

Don't get up off the couch, don't listen to my spouse  
I never leave the house unless I got over an ounce

[UnDeRaTeD:]

Only sticky stoney rollin got me in the zone and yes!  
Me smoking like a dynamite, kinda like napoleon  
Share a bowl with a friend, take a hit and hold it in  
Smoke a fat blunt to head and roll it again

[One Ton:]

Give me a swisher sweeter and half ounce of weed  
A lighter and a crutch, I'll bring you to your knees  
You're smoking with the champ, you'll get another  
chance  
Cause my backyard is a nursery for marijuana plants

[UnDeRaTeD:]

I'm getting so high, I think I might wanna kiss the sky  
I'm smoking big till I live just to get by  
It's how we live there brother yeah we stay fly  
We don't get high muthafucka we stay high!

[Chorus x2: UnDeRaTeD and One Ton]
