Today I passed you on the street  
And my heart fell at your feet  
I can't help it if I'm still in love with you

Somebody else flows by the sky  
And she looks so satisfied  
I can't help it if I'm still in love with you

A picture from the past came slowly steeling  
As I brushed your arm and stood so close to you  
Suddenly I get that old time feeling  
I can't help it if I'm still in love with you

It's hard to know another's lips have kissed you  
And held you just the way I used to  
Heaven only knows how much I've missed you  
I can't help it if I'm still in love with you  
Well, I can't help it if I'm still in love with you
