We were rich once
We were rich once
Before your head exploded
Before your head exploded
Imagine doing just what the Big Bang did
Imagine doing just what the big bang did
The whole world
The whole world
Knew it was loaded
Knew it was loaded
Wave bye-bye 'cause it ain't ever coming down now
Wave bye-bye 'cause it ain't ever coming down now

I just wanna get along [2x]
I just wanna get along

I just wanna get along
I look up

The heads fly over
I look up
I see a boy I know: his hair's on fire
The heads fly over
The whole world I discovered
I see a boy i know: his hair's on fire
If you're so special why aren't you dead
The whole world i discovered

If you're so special why aren't you dead
I just wanna get along [3x]

I just wanna get along
Wave bye-bye 'cause it ain't never coming down
I just wanna get along

I just wanna get along
I just wanna get along [3x]

Wave bye-bye 'cause it ain't never coming down

I just wanna get along

I just wanna get along
I just wanna get along
