I walk by, I fall down
I walk by, i fall down
For warm black tar forms balls
For warm black tar forms balls
And black tar baby
And black tar baby

I'm in a lime house *4
I'm in a lime house

I'm in a lime house
Fall..., stay for good
I'm in a lime house
Oh live and live and live in the dark baby
I'm in a lime house
Tar baby

Fall..., stay for good
I'm in a lime house *8
Oh live and live and live in the dark baby
Tar baby

I'm in a lime house
I'm in a lime house
I'm in a lime house
I'm in a lime house
I'm in a lime house
I'm in a lime house
I'm in a lime house
I'm in a lime house
