I like all the different people
I like all the different people
I like sticky everywhere
I like sticky everywhere
Look around, you bet I'll be there!
Look around, you bet i'll be there!
Hot metal in the sun
Hot metal in the sun
Pony in the air
Pony in the air
Sooey and saints at the fair
Sooey and saints at the fair

Saints alive you're saying
Saints alive you're saying
Walk in ... squares
Walk in ... squares
The hid are out, out for the year
The hid are out, out for the year
It's a lot of face
It's a lot of face
A lot of crank air
A lot of crank air
Eroding around here
Eroding around here

Summer's ready
Summer's ready
Summer is ready when you are
Summer is ready when you are

I like all the different people
I like all the different people
I like every kind of fair
I like every kind of fair
In the crowd, you bet I'll be there!
In the crowd, you bet i'll be there!
Walkin' around
Walkin' around
Going nowhere
Going nowhere

Seeing Sooeey and saints at the fair
Seeing sooeey and saints at the fair

Summer is ready when you are [2x]
Summer is ready when you are [2x]
Summer's ready
Summer's ready
Summer is ready when you are
Summer is ready when you are
Summer's ready
Summer's ready
Summer is ready when you are
Summer is ready when you are

It's a lot of face, crank air
It's a lot of face, crank air
Walking ... squares

In the sun
Summer's ready

Summer is ready when you are
Summer is ready when you are
