So sad about us
So sad about us

Sad, that the music's stopped now
Sad, that we can't go back now
Sad, about us

So sad about us
So bad about us

Bad, never meant to break up
Bad, suppose we'll never make up
Bad, about us

Apologies mean nothing
When the damage is done
But you can't switch off my love and
You can't switch off the sun

So sad about us
So sad about us

Sad, never meant to break up
Sad, suppose we'll never make up
Sad, about us
