You know, the sun is in your eyes
And hurricanes and rain
And black and cloudy skies

You're running up and down that hill
You turn it on and off at will
There's nothing here to thrill, or bring you down

And if you've got no other choice
You know you can follow my voice
Through the dark turns and noise of this wicked little town

Oh, Lady Luck has led you here
And they're so twisted up
They'll twist you up I fear

The pious, hateful, and devout
You're turning tricks 'til you're turned out
The wind so cold it burns
You're burning out, blowing round

And if you've got no other choice
You know you can follow my voice
Through the dark turns and noise of this wicked little town

Oh Oh, Oh Oh

The fates are vicious and they're cruel
You learn too late you've used two wishes like a fool

And then you're someone you are not
And Junction City ain't the spot
Remember Mrs. Lot and when she turned around

And if you've got no other choice
You know you can follow my voice
Through the dark turns and noise of this wicked little town
