Weep no more my baby I'm a comin' back to you

Weep no more my baby your lonely days are through

Oh oh oh wipe away those teardrops cause I've been
lonely too

Well weep no more my baby I'm a comin' home to you

Dry those big brown eyes my baby I've been gone too
long

This time I don't mean maybe I know I know I done you
wrong

Yeah yeah weep no more my baby your lonely days're
through

Weep no more my baby I'm a comin' comin' home to
you

Come out and smile for me my baby your tears are
making me so sad

I can't stay away no longer you're the only love I've ever
had

Oh weep no more my baby I'm a comin' home to you

Weep no more my baby your lonely days are through

And I'm a comin' comin' home to you yeah I'm a comin'
comin' home to you

I said I was a comin' comin' home to you
