I like the feeling that you're giving me
And i think that this could be destiny
For you and me
I know what you've been through
But i swear that i'll make it up to you
I love the crazy things you do to me
Some things were just ment to be
Can't you see
That baby this is one of those crazy things
I like the way you smile at me
It lets me know that your my hope my love my dreams
My everything
I know forever is without a doubt
Cause you're the one i can't live without
I love the crazy things you do to me
Some things were just ment to be
Cant you see
That baby this is one of those crazy things
Whoaaa yeah
I love the crazy things you do to me
Some things were just meant to be
Cant you see
Come on baby this is one of those crazy
Come on girl this is one of those crazy
Why can't you see this is one of those crazy things
Whoaaa yeah
This is one of those crazy things
One of those crazy things
Well i love the crazy things you do to me
I love the crazy things you do to me
I love the crazy things you do to me
I love those crazy things you do to me
I love those crazy little things you do to me
I love the crazy things you do to me
I love the crazy things you do to me
I love the crazy things you do to me
