They're sayin I got crazy last night  
Dancin' on the tables, swingin' from the lights  
Making moves on every girl in the place  
Well I swear that wasn't me  
It's a case of mistake in identity  
He's done it again  
I can't show my face

That wasn't me  
That got me in all this trouble I'm in  
That wasn't me  
But I know who it must have been  
He's the black sheep of the family  
And he's back in town again  
That wasn't me  
That was my evil twin

Its been this way all my life  
He has the fun and I pay the price  
And I'm the one who ends up gettin' the blame  
He looks just like me in that neon light  
But he's the one who got wild last night  
Doin' his best to ruin my good name  
That wasn't me  
That got me in all this trouble I'm in  
That wasn't me  
But I know who it must have been  
He's the black sheep of the family  
And he's back in town again  
That wasn't me  
That was my evil twin

He took my money cause its all been spent  
He drove my car cause the fenders bent  
He hit me when I was asleep  
Cause this moan in my heads sure killin' me

He's the black sheep of the family  
And he's back in town again  
That wasn't me  
That was my evil twin  
That wasn't me

That was my evil twin
